Policy planning and development

- In the planning and development stage of policy-making, we will ensure we have consulted and taken into account stakeholder views.
- All improvement plans will be designed with equality impact assessment built in to monitor the success of each activity.
- There will be a systematic review of the impact of all policies and procedures on equality and diversity to address any areas of inequality. (Schools to detail some whole school systems. Eg. achievement and attainment will be analysed to ensure progress for all, especially in relation to any identified disadvantaged groups; attendance and exclusion data will be reviewed to ensure no over-representation of any one group).
- Our target-setting processes ensure appropriate, challenging targets are set in relation to identifiable groups as well as individual pupils / cohorts.

Monitoring and Quality Assurance

- Each pupil's progress is monitored and tracked. The resulting data is analysed in respect of gender, race, ability or additional needs, looked-after status.

- In addition to monitoring to rule out any potential disadvantage, quality assurance procedures ensure the school meets its duty to positively promote diversity. (Eg. lesson observations record evidence of differentiation and texts are reviewed to ensure appropriateness and inclusivity.)
- The data collected is used to inform further school planning, target-setting and decision-making.
