Appeals Against Internally Assessed Marks

This procedure confirms Marple Hall School compliance with JCQ's General Regulations for Approved Centres [GR¹](#) (section 5.7) that the centre will:

- have in place and be available for inspection purposes, a written internal appeals procedure relating to internal assessment decisions and to ensure that details of this procedure are communicated, made widely available and accessible to all candidates
- before submitting marks to the awarding body inform candidates of their centre assessed marks and allow a candidate to request a review of the centre's marking

Certain components of qualifications offered in the centre that contribute to the final grade of the qualification are internally assessed (marked) by the subject teacher. The marks awarded (the internal assessment decisions) are then submitted by the deadline set by the awarding body for external moderation.

See Appendix 1 for submission dates 2022/23 and Appendix 2 for details of individual subject examination boards.

Marple Hall School is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Marple Hall School ensures that all centre staff follow a robust *Non-examination Assessment Policy* (for the management of GCSE non-examination assessments). This policy details all procedures relating to non-examination assessments, including the marking and quality assurance processes which relevant teaching staff are required to follow.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. We are committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

On being informed of their internal assessment mark, if a candidate disagrees with the assessment decision made and marks awarded, they have the right to appeal this decision. Students are provided with a two stage appeal process, the decision at stage two is final.

Students may request copies of materials (for example, a copy of their marked work, the relevant specification, the mark scheme and any other associated subject-specific documents) to assist them in deciding whether to pursue an appeals process.

Marple Hall School will, having received a request for copies of materials, promptly make them available to the student within 1 school day.

The Process:

Stage 1 Review of Marking Request	<ul style="list-style-type: none"> • Candidate requests a review of marking in writing within 2 school days of receiving copies of the requested materials by submitting a completed Internal Appeals Form (Appendix 3) • Marple Hall School will allow 2 school days for the review to be carried out and to inform the candidate of the outcome • The candidate will be informed in writing of the outcome of the review • The Review of Marking will be completed by the original teacher assessor • The outcome of the review of the centre's marking will be made known to the head of centre and logged as a complaint. A written record will be kept and made available to the awarding body upon request.
Stage 2 Moderation of Review Request	<ul style="list-style-type: none"> • Candidate requests a Moderation of Review in writing within 1 school day of receiving Stage 1 outcome by submitting a completed Internal Appeals Form (Appendix 3) • Marple Hall School will allow 2 school days for the moderation of review to be carried out and to inform the candidate of the outcome • The candidate will be informed in writing of the outcome of the moderation review and the candidate marks will be submitted to the exam board. • The Moderation of review will be completed by the internal verifier or Curriculum Leader • The outcome of the moderation of review will be made known to the head of centre and will be logged as a complaint. A written record will be kept and made available to the awarding body upon request.

If a candidate remains dissatisfied with the outcome of Stage 2, they should follow the centre's *Exams – Complaints Procedure*.

The moderation process carried out by the awarding bodies may result in a mark change, either upwards or downwards, even after an internal review. The internal review process is in place to ensure consistency of marking within the centre, whereas moderation by the awarding body ensures that centre marking is line with national standards. The mark submitted to the awarding body is subject to change and should therefore be considered provisional.
